Job Description: Physiotherapist at FAME INDIA

About the Organisation

FAME India is a not-for-profit organisation established in 2001 to enable and empower persons with neuro-developmental disabilities and their caregivers to lead meaningful lives. FAME India (FI) focuses on building and maintaining the skills of persons with neuro-developmental disabilities through early intervention and a holistic education program that includes in-house therapists, special educators, and counsellors. We work to deliver continuous, high-quality engagement in the areas of daily living, life skills, vocational skills, social inclusion, recreation, health, safety and complete well-being for every individual in our community.

For more information, visit the FAME India website at www.fameindia.org

Roles and Responsibilities

- Conduct comprehensive physical therapy evaluations and assessments for beneficiaries with pediatric and neurological conditions.
- Design and implement customised treatment plans and physical rehabilitation strategies tailored to individualised education programs (IEPs).
- Employ specialised physiotherapy techniques to improve motor skills, balance, posture, coordination, and physical independence.
- Monitor, evaluate, and maintain complete records of beneficiaries' physical progress and prepare regular assessment reports.
- Provide guidance and instruction to caregivers and parents on home-based therapeutic exercises and mobility management.
- Confer with parents, caregivers, special educators, occupational therapists, administrators, and other professionals to ensure holistic

development.
- Plan and conduct physical therapy activities and interventions in a safe, positive, and learning-conducive environment.
- Assist in data collection to evaluate therapy outcomes and recommend appropriate physical interventions.
- Supervise, train, and mentor assistant physical therapists, interns, and support staff.
- Participate in staff development activities, multidisciplinary team meetings, conferences, and training workshops.
- Maintain professional competence and continue learning through professional development to utilise current therapeutic methods.
- Help build beneficiaries' confidence, physical self-esteem, and overall well-being.
- Perform related duties and organisational tasks as required.
